GIGANTIC SCHEME ON FOOT.

Timber and Mineral Lands to be Bought by a Syndicate in East Virginia and Eastern Tennessee.

MIDDLEBROOK, Ky., May 15.—A gigantic scheme appears to be on foot to buy up the vast timber and mineral lands throughout Western Virginia and Eastern Tennessee, and to build railroads to all principle points to open them up to trade. It is said there are millions of dollars interested in the project. The Virginia Coal and Iron Co. is ostensibly at the head of this scheme to monopolize this land, but it is believed that northern and English capitalists are backing the company.

TRAINS COLLIDE.

A Terrible Accident on the Philadelphia & Reading Railroad at Exeter, Pa.

THREE COACHES WERE TELESKOPED.

Number of Killed Estimated From 15 to 25, and Fully 50 Persons Were Injured.

The Regular Express Train Run Into by an Excursion Train Returning From the Travelling Ceremonies of the Harrisburg monument.

READING, Pa., May 13.—A collision of passenger trains occurred on the Philadelphia & Reading railroad at Exeter, about six miles south of this city Friday night and a great number of people were killed and injured. There is no telegraph office at Exeter and details therefore are difficult to obtain at this writing. The number killed is variously said to be from 15 to 25. Fully 50 others are injured.

The regular express train from Pottsville for Philadelphia is connected at the station in Reading with a train from Harrisburg, which was crowded with excursionists, who had been to the state capital to witness the ceremonies in connection with the unveiling of the Harrisburg monument.

Many of the Harrisburg passengers at Reading went aboard the Philadelphia express, but it being found that all could not be accommodated it was decided to send the extra train on Philadelphia to run as the second section of the express. The extra train left 20 minutes later than the express. At Exeter the express stopped for orders and while waiting the extra train crashed into it while moving at great speed.

Three of the rear cars of the express were telescoped and the first car of the extra train was wrecked. The passengers in these cars were terribly mangled, many being killed outright while others had limbs and bodies maimed. Word was at once sent to Reading and a special train with physicians and nurses was sent to the scene as quickly as it could possibly be put in readiness.

Exeter is a flag station and has no telephone communication with this city, but the passengers on the second train were mostly from Morristown, and the several from the borough were killed and many injured.

United States Senator Hoies Penrose and Gen. B. Burd Grubb were passengers on the wrecked train. The rear end of the car in which they were riding was crushed and the two gentlemen, though badly shaken, were uninjured. Senator Penrose did not know how many of the passengers of the rear cars were killed or injured, but said when the train left the scene the morning attention were being cared for by physicians and residents of the neighborhood. He said he learned that several were killed and many badly injured, but as to the number he could not say. A few of those whose injuries were slight came on the train to Philadelphia, but the train left soon after the accident and the more seriously injured were left at the scene and were to be sent to Reading.

The second relief train left Exeter at 2:30 a. m. Saturday. It brought to Reading 30 survivors. The names are not yet known. The seriously injured were brought here on the first relief train. The rest of the injured were taken to Pottsville and Morristown hospitals. The northbound track has been cleared and the first train through to this city from Philadelphia was the Buffalo express which left Philadelphia at 11:30 p. m.

He Has Been Relieved of the Obligation of Remaining at Manila Until the War is Ended.

New York Will Likely Be His Landing Place—The Great Admiral Will Be at Home in Time to Attend 4th of July Celebration.

WASHINGTON, May 13.—"Send Olympia mail to B. F. Stevens, No. 4 Trafalgar square, London, Eng." was the notice given out at the navy department Friday. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long has cabled Adm. Dewey permission to return at once to the United States. He has been relieved of the obligation of remaining at Manila completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once. The notice posted at the navy department indicates that the Olympia will not remain long enough to receive the next outward mail. Mr. Stevens, referred to, is the navy department's agent at London to distribute all of the mail of the war ships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal. It is estimated at the navy department that the Olympia will be in New York by the 15th of June.

WASHINGTON, May 13.—"Send Olympia mail to B. F. Stevens, No. 4 Trafalgar square, London, Eng." was the notice given out at the navy department Friday. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long has cabled Adm. Dewey permission to return at once to the United States. He has been relieved of the obligation of remaining at Manila completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once. The notice posted at the navy department indicates that the Olympia will not remain long enough to receive the next outward mail. Mr. Stevens, referred to, is the navy department's agent at London to distribute all of the mail of the war ships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal. It is estimated at the navy department that the Olympia will be in New York by the 15th of June.

It may be stated that this was sent before the notice came to Dewey that he might come home at once.

As to the route he shall take in returning, the department is inclined to leave that to him. He has served with great ability, and most necessarily so much feel the effect of his arduous labors in a trying climate, and under trying circumstances, that the department is disposed to let him govern himself in this respect largely by the consideration of his own personal convenience and wish.
